# Setting up a Windows 7

## Local Flash Player Trusted Security Sandbox
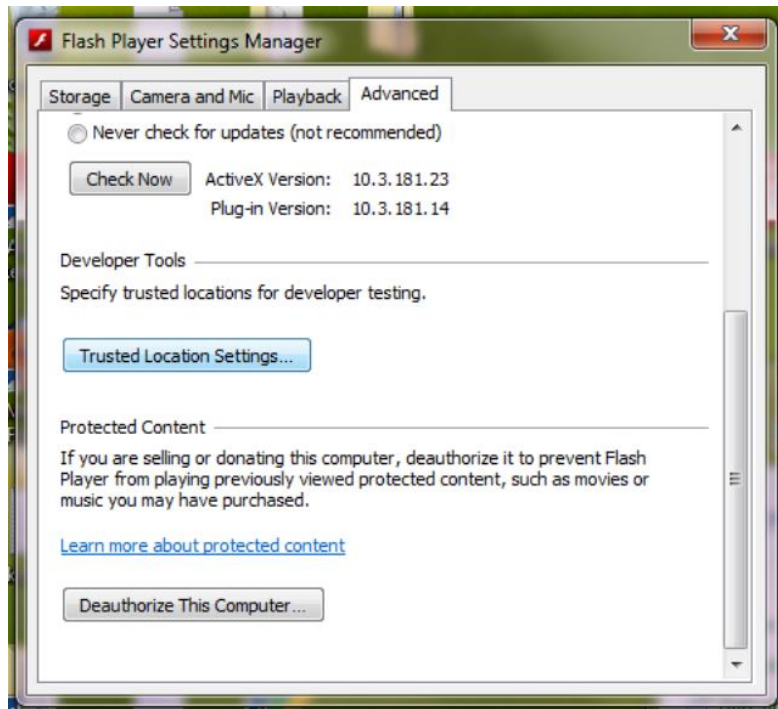

Select "Control Panel" from the Windows start menu

Select "Flash Player" from the list of controls

Select the "Advanced" tab

Scroll down to bottom and click "Trusted Location Settings…" button

Click the "Add" button to add the local directories that you'll be running Flash banners from. When finished click "Close" button.

You are now able to run flash content locally from within the specified directories.
